

International Seminar on “New Trends in Biotechnological Applications for Human Welfare”

(26-27 November, 2021)

Organized by

Department of Biotechnology

CHAITANYA

(Deemed to be University)

Kishanpura, Hanamkonda – 506 001

Telangana, India

Chief Patron
Dr. Ch. V. Purushotham Reddy
Chancellor
Chaitanya
(Deemed to be University)

Patron
Mr. E. Vikram Reddy
Vice President
Viswa Bharti Education Society

Guests of Honor
Prof. P. Krishnama Chary
In-charge Vice Chancellor
Chaitanya
(Deemed to be University)

Prof. M. Ravinder
Registrar
Chaitanya
(Deemed to be University)

About University

Over the past three decades Chaitanya Institutions have made steady and phenomenal progress in imparting quality education with several awards and accolades. Our vision is to take Chaitanya (Deemed to be University) (CDU) to greater heights with good digital governance and sound academic standards. Eventually, we want to make CDU a Center of Academic Excellence with creativity, productivity

About Seminar

The First National Level Seminar was organized by Department of Biotechnology, in the year 2008. The event was very successful to bring more than 500 participants include; students, Research Scholars, Industries and other delegates from all over India on one platform for fruitful scientific interactions and collaborations. Following the first success of First Seminar, now we are organizing International Seminar (Virtual) with continued focus on essential progression of developments and advancements with latest upfront of Biotechnological research and practice, essential for human welfare.

RESOURCE PERSONS

Key Note Address
Dr. Challa Suresh

Scientist F & Senior Deputy Director
National Institute of Nutrition
Hyderabad

Date: 26-11-2021

Topic
Implications of Lead(Pb+) on
Alzheimer's progress:
Molecular approach

Dr. R. Srinivas Rao

Microbiologist and Fermentation
Scientist
**Institute of Biological &
Environmental Rural Sciences**
Aberystwyth University
Gorereddan, Ceredugion, UK

Date: 26-11-2021

Topic
Role of Microbes in human
welfare " ...From Hyderabad to
Aberystwyth

Dr. Shahnaz Majeed

Faculty of Pharmacy and Health
Sciences
University Kuala Lumpur
Royal College of Medicine
Ipoh Perak, Malaysia

Date: 27-11-2021

Topic
Application of Nanotechnology
in Cancer Treatment

Dr. Gulab Khan Rohela

Scientist - C
Central Sericultural
Research & Training Institute,
Pampore, Jammu

Date: 27-11-2021

Topic
Seri Biotechnology

Convener

Prof. T. Christopher Ruben
Dean, Research and
Development
Department of Biotechnology

Organizing Secretary

Prof. V. Rajender
Head, Department of
Biotechnology

Co-convener

Prof. T. Murali Krishna
Department of Biotechnology

Organizing Committee

Dr. V. Srilekha
Mrs. G. Deepika
Mrs. D. Bhagya Laxmi
Department of Biotechnology
Chaitanya (Deemed to be
University)

THRUST AREAS

Neuro Biology
Microbial Biotechnology
Cancer Biology
Seri Biotechnology

Presentations offline / online

Research Scholars and PG student participants who are willing to present their oral/poster presentations should send their abstracts to hod.biotechnology@cdu.ac.in on or before November 20, 2021

Registration link

There is no registration fee. E-certificates will be provided. Click on the below link for free registration.
